Bryan's Remedy.

would make us believe, let us understand before we apply it the remedy urged by Mr. BRYAN in his speech of

The remedy is simple. It is the gist of all that he said. The platform upon which he was nominated was discussed very warily until he came to the currency question. He steered somewhat clear of the ALTGELDISM that lurks like a thing of evil all through that declaration of principles. By measure his speech was about one-sixteenth introduction, with an inapt quotation from Europe or Asia involve her in war. He attacks our gold dollar on the ground of its instability in value. Our present system of money is held responstble for the fall in prices of farm products and for all depression that sensationalists like Mr. BRYAN insist The supply of gold is not less than the painfully ignorant. upon as existing in business of all kinds. His remedy for our disease is at a fabulous ratio to gold.

In utter disdain of historical facts, Mr. BRYAN says that, because Mexico has not been able to accomplish certain results under a given system of coinage, is no reason why we, with our great power, cannot do as half civilized Mexico has falled to do. The argument is purely negative. But he has not stated the fact properly. What Mexico has failed to do has been tried by civilized nations with utter failure. Our Nation has failed with free coinage as Mr. BRYAN schemes it, and, under such a scheme, failed to accomplish anything of that article. In the world the entire like bimetallism. The Jessamine Journal has the follow ing concerning a family with relatives here. "There is a family near Shakertown, in Mercer county, that breaks the record for longevity and the firmly adhered-to determination on the part of members of it to enjoy single blessedness. They are the Vivian brothers and sisters-nine in all, seven of the former and two of the latter. Out of the entire lot only one has been married and she is now a widow to remain so through the remainder of her life. The ages of the nine range from 42 to 97."

My little boy, when two years of age. was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong never can praise the Remedy half its worth.
